  - **Briefed during this conference**
- **LE Manual Revision**
  - **To include MPI, MCIBRS, other**
- **T/O Validation Metric**
  - Briefed during this conference

# Occfield Sponsor/Monitor Issues

- Talk to your monitors!
- Monitors make assignments
- Occfield sponsor prioritizes needs of the field – “spaces not faces”
- Occfield sponsor helps monitor to decide between billet candidates <u>when asked</u>

# USMC Installation Security

## *Increase structure by 868 (9/859) - Regionalization*

**PRO**:

- Return of CAT I & III FAPS to operating forces
- Security manning requirements met through FPCON “A”
- Regionalization opportunities realized

**CON:**

- Requires a funded structure increase
- Some smaller installations “lose” their individual PMOs

# MPBn Activation

- 1 Oct 01: 2d Military Police Battalion, 2d FSSG activated for a two year concept test.

- Bi-annual updates to TFSD, MCCDC

- At the end of two years:

  - Analysis performed to determine viability of concept
  - MPBn's at I & III MEF, MARFORRES.

# Training Management

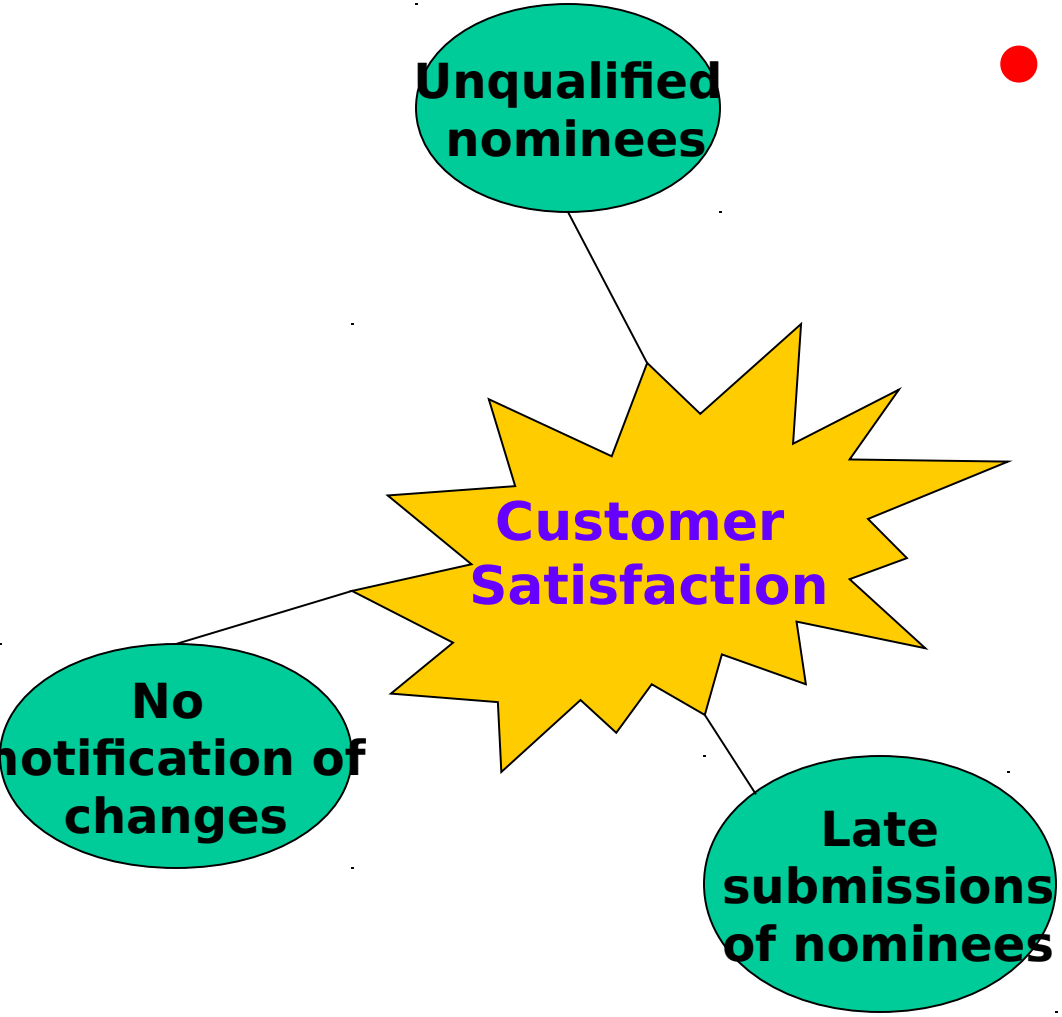
# New Training Chief
# MSgt H. Odrick

**Mission**: To serve the Military Police community in a capacity that will provide quality training where/when it is needed most!

# The Objectives are:

- Reduce training roadblocks
- Meet the student’s needs
- Strengthen lines of communication
- Exploit success

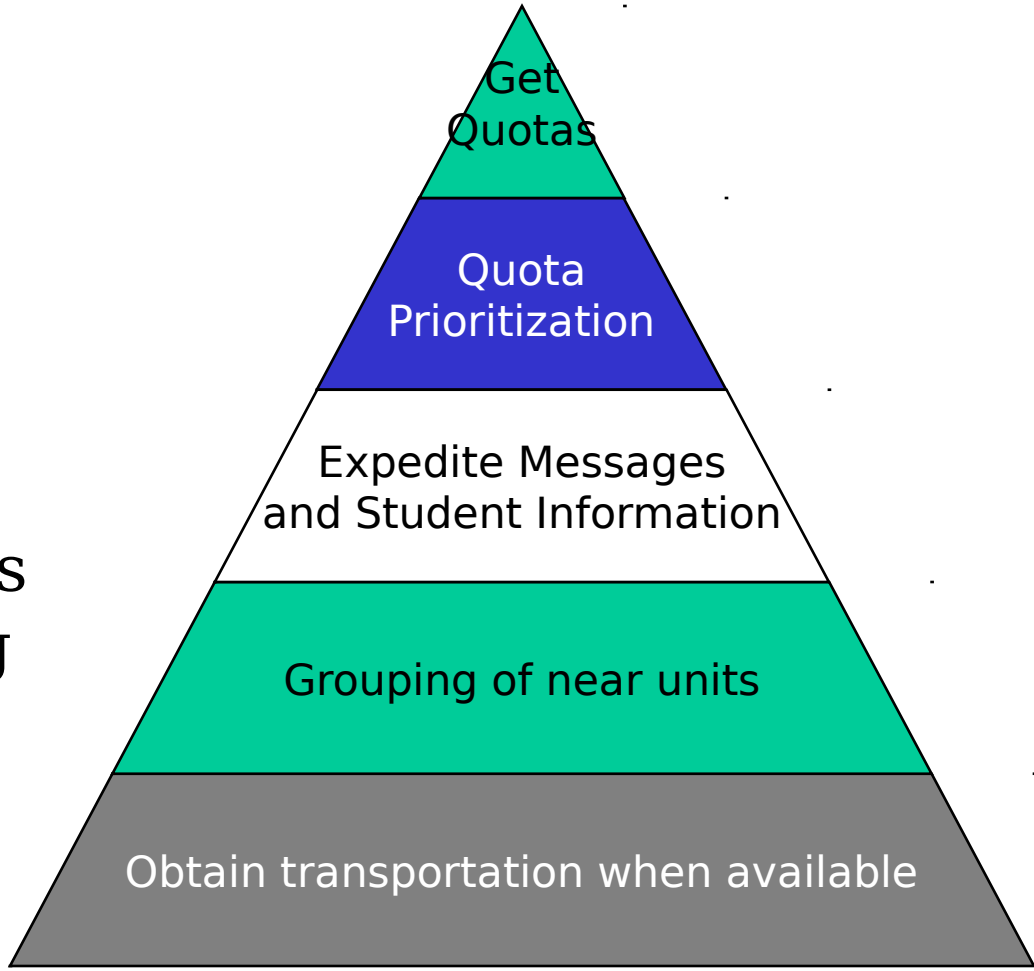
# Reduce Roadblocks



- In an effort to obtain customer satisfaction we look to reduce the three main roadblocks to this goal.

# Meeting the Student's Needs

- This pyramid shows the important user needs ranging from getting quotas to supporting the students transportation needs while at the training site.



# Circle of One
